Technical Skills

- HTML&CSS
- Java &JavaScript
- WordPress
- Excel &MySQL
- Google Analytics

Soft Skills

- Teamwork
- Collaboration
- Communication
- Analytical Thinking
- Adaptability
- Time Management

Certifications

- Principles of Generative AI
- AWS Fundamentals
- Networking Essentials – CISCO
- Basics of computer networking
- Fundamentals of Visualization with Tableau

Objective

- Interested to secure a challenging position in a reputable organization to expand learning and knowledge. Seeking an opportunity to apply my skills.

Education

- Under Graduate in KPR Institute of Engineering and Technology - B.E. CSE (2023-2026).
- Diploma- Kongu Vellalar Polytechnic College- Diploma in Mechanical Engineering (2021-2023)
- SSLC- Kongu Matriculation School (2020)

Projects

- **Machine Learning Web App** – Built using Streamlit and Python for real-time prediction, dataset exploration, model deployment, and interactive analytics through a user-friendly interface. https://ml-model-project.streamlit.app/#hypertuneml-platform
- **Online Podcast Streaming Web app** – Designed and developed an Online Podcast Streaming Web Application using JavaScript, Node.js, and Convex Backend, providing real-time playback and efficient podcast content management.
- **Android App** – Designed and developed a news reader mobile application using Android Studio.

Experience

CISCO | Virtual Internship

- During my internship focused on networking concepts, design, and troubleshooting and developed solid understanding of network infrastructure and IT practices.

CodeSoft | Machine Learning Intern

- At CodSoft, Built and deployed ML models using Python and libraries like scikit-learn and worked on real-world datasets, gained hands-on exposure to industry workflows.
